*Please note that this is not a recommendation of any of the above services and is for information only. We suggest you go and look at a class in action, preferable without your dog to see whether it is the right atmosphere for you both.*

*If you have a specific training problem or just do not want to go to classes there are trainers who are happy to give you individual lessons.*

*If you have any anxieties about your dog's behaviour please discuss them with the vet or nurse in surgery, such things are usually dealt with sooner rather than later.*
